Adoption of Minutes
Moved to be accepted by Kelley, seconded by Smith. Unanimously adopted.

Director's Report: Update: Air-conditioner in Bookstore is fixed; Film Festival is on track; WLS systemwide purge inactive library cards, 41% of patrons records deleted (systemwide); Library system is exploring on-line library card registration; funding is not tied to number of library cards but rather the number of items that are circulated.

Treasurer's Report: Investments up 2.4% to date and 2.8% year to date. Budget running ahead primarily because of salaries being lower due to vacancies during the year. Noble noted that line 8150 is running higher than in 2023 as the audit fees were paid in May in 2024, but not until later in 2023. Noble provided an overview of the services provided by TJ Duffy and OfficeTasks. Highlighted that the expense for these services runs to approximately $34,000 per annum and that currently there is no contract with OfficeTasks. The Board will wait until there is a new director in place to work on a contract with OfficeTasks. This will include details of financial documentation. Noble confirmed that the Form 990 was filed before the audited financials were approved and some figures were different. In future years, an extension from the IRS will be requested and the 990 will be completed based on the audited financials.

Statistics: Circulation is high this year, up by 40%. Currently there are 8,000 active library cards. Need to work on getting the number of active library cards higher. Will need to develop a multi-prong campaign to increase numbers.
